Re: Public Works Department Report for July, 2026

The following is an outline of the work performed by the Public Works Department during the month of July

Roadway Maintenance and Street Repair

- Filled potholes as needed on township owned roads
- Graded and Rolled Old Carversville Road prior to the pipe replacement work. We hauled in DSA stone and rolled it with a 10-ton roller. The road was in really good shape at the completion of that work.
- Pipe Replacement work started on Old Carversville Road on July 7th, 2026 and was completed at 12 noon on July 29th, 2026. We set up road closed barricades with addresses on them to help with deliveries and trash collection during this time of construction. We kept in touch with the residents of this work start and completion time lines.
- Road mowed several roads throughout the township to improve sight of line distance and safety to all users.
- Milled out and Paved over several patches on Solebury Mountain Road and Chapel Road.
- Responded to (2) two fluid spills on the roadways and cleaned them up.

Storm Sewer Maintenance / Watershed and Flood Protection

- Checked storm sewers before and after forecasted rain events to ensure proper drainage. We had several wet weather events this month.
- Reviewed and responded to (113) one hundred and thirteen PA 1 Calls requests per the (PUC) Public Utility Commission requirements. We are at a 100% response rating for this month.

Sign Work

- Cut and Chipped tree limbs blocking street signs
- Replaced several signs that were faded, or didn't meet the MUTCD reflectivity requirements.
- Marked out and drove in (2) two base post to be used for Speed Signs Board for the Solebury Police Department. Installs will take place early August.
- Several signs were installed for the Adopt a Road Program as directed.

Fleet Maintenance

- Crews greased all equipment and serviced tools as needed throughout the month
- We performed minor repairs to Police vehicles as needed
- Performed minor repairs to the Public Works Trucks and Equipment as needed
- Crews sharpened and serviced Chainsaws as needed

Lake Solebury

- Moved the Solebury Township Police Evidence Cage from the Police Station to Lake Solebury, it was secured to the floor and wall and is currently under video surveillance.
- We moved K-9 equipment down to the same area of the Evidence Cage.
- Met with and entered into verbal agreements with property owners who back up to Lake Solebury off the Peco Row of School Lane to gain access to that area in the event of an emergency or maintenance that is needed to our property.
- Cleared along the fence on the high wall of the Lake, removed fallen trees off the fence to be able to secure any breeches in the fence. This will improve safety and security to the Lake going forward.

Miscellaneous

- Met with an Eagle Scout and his mother for a placement of a new wooden post for an Eagle Scout Project at Aquetong Spring Park.
- Deployed several barricades this month due to trees or wires down.
- We assisted ReNee from PD to move old gym equipment out of the building, level the floor, install new mats and clean up prior to the install of the new gym equipment for the Police Department.
- Mowed Lake Solebury, Flag Lot on 202, Peco Row between Kitchens Lane and Sukan Road, Solebury Park trails.
- Met with the Police and our Traffic Engineer on the 6200 block of Lower Mountain Road.
- Picked up trash cart from Laurel Park and had them moved into storage until its next intended use.
- Supplied the New Hope Fire Company with (25) Barricades for their annual driving training for the new firefighters.
- Met with several contractors to secure bids on upcoming work for the township.
- Met with residents on Meadowview Drive to talk about overhanging trees in the roadway causing concerns for motorists and walkers.

Public Works Director, Solebury Township

Christopher Clewell
